

Communication Solutions for Education

About Westcan ACS

Westcan ACS is an Alberta-based communications solutions provider and certified Motorola Solutions Channel Partner. We've been helping organizations across Alberta stay connected with reliable, purpose-built two-way radio systems, and we've made the education sector a core part of what we do.

We understand that schools are busy, complex environments. Staff move between buildings, buses, playgrounds, and offices. Incidents can happen fast. Clear, instant communication isn't a convenience, it's a safety essential.

Our Commitment to Schools

Every school we work with gets local support, honest recommendations, and solutions that are actually built for how schools operate. We're not just selling radios, we're helping you build a communication system that works every single day.

Why Schools Choose Westcan ACS

We're trusted by School Boards throughout Western Canada

- Alberta and BC based team with local knowledge and fast support
- Certified Motorola Solutions Channel Partner
- Portable and mobile radio solutions tailored to school environments
- Programming included in every radio purchase
- Industry Canada licensing support handled for you
- Transparent pricing: no hidden fees
- Ongoing service and maintenance you can count on

What We Offer

Portables

For administrators, custodians, security staff, and all personnel on the move. Rugged, clear, and easy to use.

Mobiles

Vehicle-mounted radios for bus drivers that keep your fleet connected to dispatch and administration at all times.

Working with **Westcan is Easy**

Here's what to expect

- A conversation to understand your school's needs
- We suggest what fits, not what's most expensive.
- A clear, itemized quote with no surprises
- Programming, delivery, and licensing support
- Ongoing local support whenever you need it
